ABA Therapy

Who we are

Sunshine Center, a clinic that has been locally owned since 2009, offers pediatric therapy services in the areas of speech, occupational, and ABA therapy for children. The clinic's specialized pediatric therapists have vast knowledge and experience in handling therapy concerns related to children, with some having worked in the field for over fifteen years, demonstrating a commitment to providing services for children with unique needs. The clinic fosters a collaborative environment that encourages the exchange of ideas among team members, allowing each therapist to exercise advanced clinical reasoning skills.

Our Core Values

- Innovation*
- Integrity*
- Excellence*
- Respect*
- Teamwork*

Speech Therapy

The ultimate aim of pediatric speech therapy is to help children develop the communication skills they need to succeed academically, socially, and emotionally.

Occupational Therapy

Pediatric occupational therapy is a specialized area of occupational therapy that focuses on helping children develop, improve, or regain essential skills required for their daily lives, particularly in areas such as play, learning, self-care, and social interaction

ABA Therapy

Pediatric Applied Behavior Analysis (ABA) therapy is a specialized form of therapy that focuses on improving the behavior, communication, and social skills of children with autism spectrum disorder (ASD).
